Lehi Must Work If Prize Is Won

Committee Plans Two Weeks Whirlwind Campaign For Close of Clean Town Contest.

There is now a little more than two weeks before the official scoring of the clean town movement will begin. Frank Jordan, a representative of the State Board of Health, was here last week and took back the word that there were one hundred houses in Lehi that would score 90 points. Yesterday Dr. Paul, City Health physician of Salt Lake City, spent four hours giving the city a preliminary scoring. He stated that as far as the work had gone it was being well done, but that there must be more general response. If Lehi expects to excel some of the other towns who are in our class in the contest, Dr. Paul also expressed much satisfaction at the great number of homes which were up to the necessary standard, but drew attention to a number of cases which were so flagrant that prosecution should follow. He said though, that with the start Lehi had, it could easily win, if the next two weeks were vigorously devoted to the work.

The committee is determined to carry out the suggestions of the state visitors, and will work from now on to complete the work so well begun. There will be a meeting of the members of the executive committee, the general committee and all the block captains, consisting in all of about

fifty citizens, held in the Commercial club rooms, in the near future, probably Monday evening. Here the plans will be discussed for a vigorous march to the campaign. One week before the close a big mass meeting of all the citizens will be held, and prominent speakers will be in attendance. The committee says that many who are entitled to buttons have not gotten them because they have not made application, which should be done through their captain or some member of the committee.

Following is the list of those who have been given buttons up to and including last Wednesday.

CHRISTOFFERSON MAKES GOOD FIGHT WITH SALT LAKE MAN

In the wrestling bout on July 24th, at Preston, Idaho, George Nelson, the Salt Lake Fireman, defeated Alex Christofferson in one of the best and most largely attended matches ever held in that locality. The first fall was obtained with a reverse bar hold after 1 hour and 27 minutes. The second was at the end of 45 minutes, with a top body sissors. Christofferson came near getting his man several times, and thinks now that with a little more training, he can pin the fireman to the mat.

There is some talk of matching Christofferson with Percy Jones, the Provo heavy weight champion, and if Christofferson is successful in winning against Jones, another match with Nelson may be secured.

Former Lehi Man Is Seriously Hurt

Judge S. R. Thurman Is Struck With An Auto In Salt Lake City. Has Two Ribs Broken and Is Badly Bruised Otherwise.

Judge Samuel R. Thurman a former resident of Lehi was run down and seriously injured by an automobile driven by F. B. McGarrin, a son of C. H. McGarrin, about 9:30 last Thursday night at Tenth East and Second South in Salt Lake City. He suffered two broken ribs, a scalp wound, a lacerated knee, and was frightfully bruised about the chest and shoulders, in fact there was hardly a part of his body which was not black and blue. Dr. W. S. Ellerbeck, the attending physician, says that he expects Judge Thurman to recover unless complications set in. However, the latest advice is that the patient has been rambling considerably in his mind and that there are strong symptoms of paralysis of the bowels. Several of Mr. Thurman's Lehi friends have called to see him but no one excepting the most immediate members of the family are permitted to enter the sick room.

McGarrin was driving in from the Country club with his cousin, Miss Bates of Los Angeles, when the accident occurred. He was driving a large touring car. He says that he was moving between 10 and 15 miles per hour, having slowed down considerably for the crossing. The only way he can explain the accident is that a car coming from the opposite direction with electric headlights affected his sight so that he did not see Judge Thurman until he was almost upon him. The car was stopped, he says, within a few yards after the accident occurred and that he ran for a physician as soon as Judge Thurman was carried from the street and laid on a lawn on the corner. A superficial examination of Judge Thurman's injuries was made before he was taken to his home.

Judge Thurman, as has been his custom of late, was walking home when the accident occurred. He left his law office in the Walker Bank building about 9 o'clock and walked up Second South street. He was crossing Tenth East when the automobile came rapidly north along the street. An eye witness says that the car was going thirty miles per hour and the only thing that saved Mr. Thurman from instant death is that when he

Buried Treasure

Aladdin's lamp was the fabled key to untold treasure buried underground.

Its owner, by a single rub, could summon genii, and have access to the hidden wealth of kings.

You, too, have buried treasure at your command, and Electricity, more powerful than mythical genii, to do your bidding.

Instead of rubbing a lamp, you take off your telephone receiver and immediately a wealth of treasure is at your service.

A tiny spark flashes over the wires overhead and underground and carries the sound of your voice wherever you wish.

Over three and a half million dollars lie buried under the streets of this mountain region in cables, wires and conduits, ready for your use every minute of the day and night.

saw the impossibility of escape, he grabbed the hood of the auto else he would have went under the wheels. As the car cut over the street car tracks which turn west at the corner, Judge Thurman was struck and knocked down. McGarrin stopped for a short time at the scene of the accident and assisted others in taking the injured man home.

Judge Thurman, who is chairman of the Democratic state committee, spent most of yesterday at the headquarters which he recently opened in the Atlas block. After leaving headquarters he went to his law office to attend to some business before going home.

Judge Thurman formerly taught school in Lehi and was mayor of this city several terms. His aged mother, Mrs. M. M. Gaddie, and other relatives live here, and are considerably shocked over the accident.

UTAH OPTOMETRISTS COMING TOMORROW

Ernest Webb has received word that the Utah Association of Optometrists, of which he is a member, will be in Lehi tomorrow and will spend the day at the Saratoga Springs. They will bring their wives with them. They will hold a business session, but will spend most of the day bathing, bathing and fishing. The members of the association principally live in Salt Lake City, but there are also quite a number of members also from other parts of the state.
